CARITAS. VERITAS. SCIENTIA.
Tuguegarao, Manila, Philippines

MAKING A DIFFERENCE
GLOBALLY

St. Paul University Philippines (SPUP) was founded on May 10, 1907, as Colegio de San Pablo, by the Sisters of St. Paul of Chartres, (Mother Ephrem Marie Fieu, Sr. Suzanne du Sacre Coeur Cran, Sr. Agnes de Sainte Anne Couplan, and Sr. Jeanne de St. Louis Bourrelly, Sr. Marie Angeline Acau and Postulant Sr. Ste. Foy de Sacre Coeur Sacramento) who came to Cagayan Valley upon the invitation of Bishop Dennis Dougherty.

In its efforts towards global and international education, SPUP gained the

distinction of being the First Private Catholic University in Asia and the First Private University in the Philippines to be granted ISO 9001 Certification by TUV Rheinland in 2000 and the only University accredited by the Asian Association of Schools of Business International (AASBI) in 2014. SPUP has also been selected, as one of only 11 Universities in the Philippines, by World Bank as Knowledge for Development Center (KDC). Moreover the Commission on Higher Education (CHED).

In the School of Medicine, knowledge and experience are perfectly combined to continuously foster relevant learning opportunities among Paulinian Medical students. With a holistic approach to medical education, Paulinian Medical Doctors are equipped with competencies responsive to the needs of the community pertinent to quality health services.

Administration

SR. MERCEDITAS O. ANG, SPC
PRESIDENT - SPUP

DIRECTOR-INTERNATIONAL RELATIONS

Caritas is action born of faith and of a deep love of God and neighbor. It is compassionate, caring, warmth, hospitality, being “all to all” which marks the Paulinian and witness of life impacts. Like the Sisters of Saint Paul of Chartres whose life motto is Caritas Christi Urget Nos, the Paulinian is motivated by love especially for the underprivileged.

Veritas, is an epitome of morality, values and social concern, the striving for truth and justice, peace and unity and the higher gifts of the Spirit. It is entrenched by the legacy left by the founder of the Sisters of Saint Paul of Chartres, Father Louis Chauvet, who said, “I have no greater blessing than to see my daughters walk in the truth.” It is an improved quality of life rooted in Christ and the Paulinian zeal to build communities of authentic disciples.

Scientia, is authentic scholarship, systematic and disciplined effort to teach and learn so that the gifts or “charisms” of the Paulinian may be fully developed to make him a competent servant leader of the Church and country.
